Banner Design Template for unCoded

◆ Objective:

Create ad banners for **Google Ads** and **Telegram** to promote our trading bot **unCoded**. Focus on self-management, privacy, fairness (no fixed fees), and strong user support.

Banner 1 – Google Ads Standard (300 × 250 px)

Headline:

Automated. Profitable. Private.

Subline (smaller text):

100% self-managed · Pay only when you profit

CTA Button:

Start trading

Notes: Clean contrast, modern sans-serif font (e.g., Urbanist), light or dark theme acceptable.

Banner 2 – Google Leaderboard (728 × 90 px)

Single line text:

Take full control of your crypto trades – high-frequency, private, performance-based

CTA on the right:

Try unCoded

Banner 3 – Telegram Square (1080 × 1080 px)

Top Header:

unCoded – The Smart Way to Trade Crypto

Center Text Block (list style):

- 100% self-managed
- Only pay when you profit
- No data shared with third parties
- High-frequency trading
- 24/7 Telegram support

Footer:

www.uncoded.vip

Banner 4 – Telegram Horizontal (1280 × 720 px)

Left Side:

Crypto Trading. Simplified.

No subscriptions · No coding · No third parties

Right Side (CTA area):
